

PEACE by designer Laura Hakes

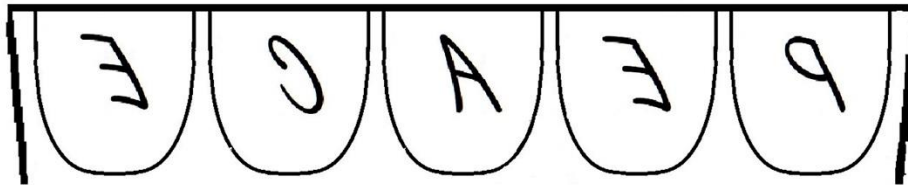

Page 8 PNPS Magazine 2019 Christmas-Winter issue

The cardinal is missing from the pattern but appears in the model. If you would like to add the cardinal, here is the pattern.

WE'RE ARE SO SORRY!!!!

The pattern should have been reversed so that when traced the letters will punch correctly and the toe of the stocking would be facing right. If you don't mind the toe facing left, you can simply not trace the letters and then fill them in on your tracing yourself reversing the letters as shown below.

The other option would be to print out the pattern from the digital copy or trace the pattern as is in the issue. Then place it face down on a lightbox or tape to a window and retrace so the pattern is going backwards. It will then punch as you see it in the model.

If you would like a corrected copy of the pattern emailed or mailed to you, please contact us at pnpsmagazine@gmail.com and put PEACE PATTERN in the subject line. Once we confirm your subscription or single issue purchase, a copy of the corrected pattern will be sent to you via email.
